

LOVE LIFE ONBOARD

An exclusive mega-yacht charter experience for you

The Incredible Heartbeat of Life Yacht

From your first step on board your heart will pound and your senses will tingle as you experience the form of luxury that many of your friends can only dream of. But you're living it now, aboard Heartbeat of Life.

Imagine the wonder and awe your family or guests will feel as they follow you throughout the ship. Each room has its own personality and each guest will find their own special place to relax as you tour through exotic ports-of-call.

Everyone will appreciate the Dutch craftsmanship that is evident from the cockpit to the engine room. Feel comfort in the high level of building standards that have equipped this ship to handle anything the sea can send forth. That level of security lets you focus on the fun and enjoyment of every hour you spend on board.

The Heartbeat of Life was designed for you to spend every day living life to its fullest and when you do, you'll fall in love with her.

Enjoy endless days of fun and relaxation on board

Show your loved ones how life was meant to be lived

Updated gyro-stabilization keeps balance in rough seas

Classic design. Pure lines

30 meters of power and passion as she drives through the sea on the way to secluded destinations that rarely appear in travel brochures.

Each stop is a new experience without the hassles of checking into hotels, unpacking luggage or long waiting lines.

Explore exotic locations most people never hear about

Enjoy spectacular views from two spacious deck levels

The main salon offers a quiet and cool oasis from the sun

Climb aboard the Dutch, Heesen Yacht's 30 meter Heartbeat of Life. Heartbeat has been fully upgraded and overhauled in 2010 to deliver modern day luxury in a traditional yacht design.

Your yacht will manage up to 24 guests for small parties and events and up to 8 guests in 3 cabins for overnight stays, in addition to 5 crew bunks. She can easily manage 12 guests and 5 crew for day cruises.

"Heartbeat is a beautiful way to expand your horizons in a wonderful level of comfort and performance."

Heartbeat cruises at 13kts with 2x12-cylinder engines

The main dinette comfortably hosts 12 people for meals

The open floor plan provides a roomy feel with lots of seating

Spacious, open main lounge with a 82" (208cm) satellite TV.

Enjoy three decks of living space that provide ample room to spread out and have time on your own, or gather together in the main salon for family or business conversations.

The main cabin is a luxurious, getaway for rest and relaxation

Main lavatory includes a spa, vanity and XL sink

The 2 guest cabins offer plenty of space and premium fixtures

You and your guests or family will feel like royalty, each in your own spacious cabin with built in features like video, music and Wifi. All include updated bedding and fixtures. Added sleeping space is on board for 5 crew or support staff.

Power through the waves onto your next destination with Heartbeat's twin 12 cylinder 2000 HP engines. Feel secure in any type of seas thanks new technology VOSPERS stabilizers.

The upper bridge and sun deck provides an ideal lookout point to see far in the distance. There is plenty of room for all of your family or guests to get comfortable or soak in the sun.

The upper deck has a retractable bimini top to hide from the sun. There's seating for 8-12 and includes a wet bar and BBQ grill. Bow deck features a teak sunning platform.

4 clean, contemporary and fully updated bathrooms invite you to clean up after a long day in the sun and sea. Plenty of space to get ready for a night of fun.

Stroll around the deck and see beautiful blue vistas everywhere you look. The Heartbeat of Life was created for your cruise of a lifetime. Make sure to enjoy every minute.

Interior helm includes premium instrument updates in 2017/18 to monitor travel routes, engine and electrical functions, communications, weather conditions and more.

Included with your charter is a high power 255hp SeaDoo RXT along with an 80hp inflatable RIB tender for guest transport to shore, water skiing and shallow water exploration.

When you're aboard the Heartbeat of Life you've reached the pinnacle of living. Your going places and seeing things that most people can't imagine. It's luxury on a grand scale.

The Incredible Heartbeat of Life Yacht

Heartbeat of Life was built by Heesen Yachts is a Dutch ship building company that specializes in custom built super yachts. Founded in 1978, it has launched more than 170 yachts since its inception, many of which have gone on to win awards. It is considered one of the world leaders in the design, construction and engineering of all-aluminum yachts. The yacht design is from Mulder Naval Architecture also of the Netherlands. A 38 year old pioneer in holistic modern yacht development.
